
The Use of Early Warning Systems to Promote Success for All Students

1. Does your district have an EWS Steering Committee?
 - If yes, do you have necessary cross-departmental representation? Any department/role that is missing?
 - If no, who might be valuable members?

2. What are your reflections how your district either has or next steps for selecting indicators? If you have indicators, any changes/investigations/additions?

3. What usability features would you like to see in your district's EWS?

4. What guiding questions would you like to be able to answer with an EWS?

5. What are your next steps for EWS usability?

6. Does your district have a comprehensive plan to build staff capacity for EWS use?

- If no, what might next steps be to develop a plan?

7. How does or how might your district monitor implementation?

8. How does or how might your district monitor intervention effectiveness?

9. What ideas have these examples given you for EWS development or implementation in your district?

10. What barriers to EWS development and/or implementation does your district need to problem-solve?

- What supports do you have available to you?
- What supports do you need?
