

**Broward County Public Schools
Office of Academics
Z-PAC MTSS/RtI Infrastructure Activity**

Date: _____ **School:** _____ **Zone:** _____

Principal: _____ **Team Members:** _____

Essential Question: Does your school's systems align to effectively implement the MTSS/RtI framework and promote positive outcomes for students?

Task: Complete the table to indicate your school's practices/actions that promote leadership and build consensus of the MTSS/RtI framework.

	Leadership	Building Capacity/ Infrastructure	Communication and Collaboration	Data-Based Problem- Solving	Three Tiered Instructional Intervention Model	Data-Evaluation
BEST Blueprint	Ex. Leadership team attends PLCs and MTSS/RtI meetings and are actively engaged.	Ex. All staff participate in professional learning communities (PLCs).	Ex. School-based leadership team shares BEST practices and alignments to all staff utilizing PLC and outcome data.			Ex. All instructional and support staff utilize the BASIS system to identify students groups and document decision.
School Improvement Plan (SIP)				Ex. School-team reviews SIP goals and review data regularly to monitor progress across content, grade, and tiers.		
School-wide Positive Behavior Plan (SPBP)				Ex. School-team reviews top 10 behaviors and number of office discipline referrals bi-weekly during data (PLCs and MTSS/RtI) meetings.	Ex. The school-based leadership team identify student subgroups utilizing SPBP data.	
Evaluation Marzano BASA		Ex. School leadership provides feedback to instructional staff utilizing data from SPBP, ODR, CWT, Observation of RtI groups, and student data to inform practice.		Ex. Leadership utilizes Marzano data to identify patterns, trends, and identify instructional strategies for professional learning.		
Engaging Parents & Community	Ex. Leadership utilizes technology and social media to connect and communicate with parents and community.	Ex. Faculty and staff participate in professional learning universities with parents.		Ex. School team utilizes parent & community feedback & data to inform engagement activities.
