The Perceptions of RtI Skills Survey is a self-report measure that was developed by Project staff to assess educators’ perceptions of the skills they possess to implement Problem-Solving/Response to Intervention (PS/RtI) practices.

Questions The Perceptions of RtI Skills Survey Can Answer:

1. How much support do educators feel they need to successfully implement PS/RtI practices?
2. Do teachers feel skilled in: data-based decision-making, tiered service delivery, the problem-solving process, data collection, and data analysis and technology use?

Important Info:

Completing the Perceptions of RtI Skills Survey is a collaborative activity that should involve all instructional staff including the School-Based Leadership Team (SBLT) members.

Supports PS/RtI Provides:

1) Tool selection, as aligned with district goals and needs
2) Orientation to the tool
3) Training on the use of the tool
4) Support and technical assistance on the administration and use of the tool
5) Support with organization and display of data from the tool
6) Technical assistance and support with data analysis and subsequent planning
