

14:52:05 From Joe : Shelby, Can you send me the list of panel?  
14:55:42 From Karrie Musgrove to Joe Latimer(Privately) : Tosha Littles <tosha@fndfl.org>  
15:12:00 From Karrie Musgrove : From the National Center on Educational Outcomes, so you know it is backed by research<https://nceo.umn.edu/docs/OnlinePubs/MovingYourNumbers.pdf>  
15:17:20 From Christine Attenhofer : parent conferences 2X a year min.  
15:17:28 From Parent -Tosha Littles, FND PSN : Parents can reach out to the LEA or Inclusion teacher with updates on math  
15:18:19 From Teacher-Stephanie.Walters (Washington County) : Our school also requires teachers to have at least 2 parent conferences each year (one per semester).  
15:18:27 From Parent-Christine Goulbourne (Pasco County) : IEP meetings and parent teacher conferences are typically when these topics are discussed. However, I reach out to my son school via email.  
15:18:31 From Joe Latimer : Thanks everyone!  
15:18:32 From Karrie Musgrove : Any more formal opportunities around state, district or school requirements?  
15:18:41 From Christine Attenhofer : IEP/504 meetings  
15:19:19 From Math Curriculum Specialist-Christine Strickler (Marion County) : school site team meetings  
15:19:21 From Parent -Tosha Littles, FND PSN : 1.Case conferences we discuss progress  
15:19:38 From Parent-Christine Goulbourne (Pasco County) : I would say the annual orientation would be one great way for sharing data and information.  
15:19:38 From Tara Jeffs : In your district is there enough parent involvement?  
15:19:54 From Karrie Musgrove : Does your school or district hold data sharing? What about improvement type meetings?  
15:20:14 From Parent-Christine Goulbourne (Pasco County) : At the district level, I would say the quarterly ESE meetings.  
15:20:24 From Teacher-Stephanie.Walters (Washington County) : All of parents of students who are on our Multi-Tiered Systems of Support are invited to meetings where data is provided and reviewed for further understanding.  
15:21:33 From Karrie Musgrove : Stephanie, is math data discussed in these meetings?  
15:21:40 From Parent-Christine Goulbourne (Pasco County) : This is a tough one because I don't recall being asked to provide data from my son's schools. However, I have volunteered data when issues arise and its welcomed.  
15:21:49 From Teacher-Stephanie.Walters (Washington County) : Yes, Reading and Math data is discussed.  
15:22:46 From Karrie Musgrove : Don't forget to grab ideas from each other!  
15:22:59 From Parent -Tosha Littles, FND PSN : distant learning-meeting with parent via Zoom to discuss supports that are needed. The ESE teacher sends emails on STAR testing etc.  
15:27:44 From Christine Attenhofer : Family math nights in previous years, going virtual this year. Parents get to do hands-on math with their children.

15:28:22 From Christine Attenhofer : Monthly Math Nights to share strategies and expectations with parents by grade level

15:28:38 From Joe Latimer : Love the sharing! Thanks all!

15:28:39 From Karrie Musgrove : Does anyone share data trends at FSA nights?

15:29:22 From Math Curriculum Specialist-Christine Strickler (Marion County) : Some of our schools do share data trends school wide, but not all schools so

15:29:43 From Courtney Starling : Do other districts include parents when deciding the "math path" for the student?

15:30:40 From Math Curriculum Specialist-Christine Strickler (Marion County) : Yes! Our schools often have meetings with parents for what supports are in place to help students be successful in accelerated paths and what those paths can look like

15:35:22 From Karrie Musgrove : communication surveys are a great idea

15:37:14 From Parent-Christine Goulbourne (Pasco County) : That's a fantastic idea.

15:37:45 From Courtney Starling : There are parent resources on CPALMS for the current standards and we also plan to provide parent resources for the B.E.S.T. Standards on our webpage.

15:40:03 From Teacher-Stephanie.Walters (Washington County) : This is discussed at our parent nights, in parent teacher conferences, as well as during MTSS meetings. We review student progress monitoring with our iReady scores indicating where their child is and what growth is needed to meet grade level expectations.

15:40:56 From justice@usf.edu : Lyndsay, how do you record the lesson?

15:41:25 From Teacher-Lindsay Beam (Calhoun County) : I use screencast-o-matic.

15:41:26 From Parent-Christine Goulbourne (Pasco County) : That's a wonderful idea. Being resourceful to parents by making their job easier for teaching helps to build the relationship and increases their participation in their child's learning.

15:41:32 From justice@usf.edu : Thank you!

15:47:11 From Christine Attenhofer : iReady has a For Families report that shares data. I print for my teachers to send home.

15:47:46 From Parent -Tosha Littles, FND PSN : iReady was a suggested intervention piece too :)

15:53:31 From Christine Attenhofer : Developing the mentality that EVERYONE is a mathematician is vital.

15:54:49 From Math Curriculum Specialist-Christine Strickler (Marion County) : If there have been supports for their child that have helped the child to be successful, it is great for parents to share that from the get-go to help educators meet the child's needs more quickly

15:55:04 From Joe Latimer : Thanks for sharing!

16:01:00 From Karrie Musgrove : Keep using the chat folks, to quack it out!

16:01:27 From Tara Jeffs : Panelist - You shared wonderful information and ideas- Thank you!!

16:01:42 From Joe Latimer : Thank you all for sharing such amazing information!

16:01:59 From Lisa Yount, PS/RtI : Thank you!

16:02:00 From Christine Attenhofer : Thank you to the panelists

16:02:13 From justice@usf.edu : Great session! :)  
16:02:23 From Christine Attenhofer : Looking forward to the next session  
16:02:26 From Teacher-Stephanie.Walters (Washington County) : Thank you!  
16:02:27 From justice@usf.edu : Shelby, do you want me to complete the eval? :)\_  
16:03:47 From Parent -Tosha Littles, FND PSN : Be patient with parents, we learned math a while ago and the strategies we used are not used in class. Sometimes its confuses students when we are trying to support at home.  
16:03:48 From Parent-Christine Goulbourne (Pasco County) : Thank you for having me! Have a wonderful day. My email is Christine@sensoryfriends.com if anyone would like to connect!  
16:04:11 From Parent -Tosha Littles, FND PSN : Thank you for having me!  
16:04:31 From justice@usf.edu : Bye, all. Have a great evening. :)
