## Let's Practice!

### **Step 1: Problem Identification**

Is direct instruction sufficient for all subgroups of students? Review the data below and discuss your rationale.

Adapted from the Fall 2021 MAP™ Assessment

### **Step 2: Problem Analysis**

The team generated multiple educated guesses or “hypotheses” across the domains of instruction, curriculum, environment, and learner. Review the hypothesis below and respond to the questions that follow.

**Hypothesis #1 (Instruction):** A lower percentage of students with disabilities are meeting grade level expectations in reading because small group differentiation during Tier 1 instruction does not occur as it should.

- Which method(s) could they use? Review, Interview, Observe, or Test
- What specifically will they need to determine?

### Step 3: Intervention Design

Complete the "Support" section of the Comprehensive Intervention Plan

Intervention Plan	Support Plan (for interventionists)	Fidelity Documentation	Progress Monitoring Plan
<p><u>Who</u> is responsible? All 6<sup>th</sup> grade ELA teachers</p> <p><u>What</u> will be done? Using selected Tier 2 words from grade level text, teachers will provide explicit instruction (with practice and feedback) in morphology, affixes, root words, for at least 10 minutes prior to teaching with the text. Teachers will implement differentiated small group instruction within core ELA classes, creating the small groups based on data, and will include explicitly teaching (with practice and feedback) word identification skills (e.g., decoding, fluency, morphology, etc.)</p> <p><u>When</u> will it occur? Daily during core instruction</p> <p><u>Where</u> will it occur? Classroom</p>	<p><u>Who</u> is responsible?</p> <p><u>What</u> will be done?</p> <p><u>When</u> will it occur?</p> <p><u>Where</u> will it occur?</p>	<p><u>Who</u> is responsible? All 6<sup>th</sup> grade ELA teachers and Reading Coach</p> <p><u>What</u> will be done? 1) Each teacher will keep a weekly Documentation Worksheet noting a) the frequency of differentiated instruction, b) the focus of the instruction, and c) the students in each of the groups 2) Reading Coach will document fidelity measured during observations, and gather applicable walkthrough data specific to instructional practices and routines</p> <p><u>When</u> will it occur? 1) Teachers maintain worksheets daily 2) Reading Coach gathers observation data weekly</p> <p><u>How</u> will data be shared? Teachers will review the data during PLC meetings and problem solve any implementation issues</p>	<p><u>Who</u> is responsible? All 6<sup>th</sup> grade ELA teachers</p> <p><u>What</u> data will be collected and <u>when</u>? Quarterly end of unit assessment data (measures vocab/comprehension); Weekly Lexia data (measures word identification skills); Winter NWEA MAP assessment in mid-December.</p> <p><u>How</u> will we decide if the plan is effective? The 6<sup>th</sup> grade team will review data on: 10/5, 11/2, 11/30, 12/21</p> <p>Winter NWEA MAP assessment data will be reviewed on January 9 to determine student RtI. <b>Based on % of SWD scoring at or above 55<sup>th</sup> percentile</b> on the Winter MAP assessment, RtI will be based on the following: Positive response: ≥ 67% Questionable: 51-66% Poor: ≤ 50%</p>

**Step 4: Response to Intervention/Evaluation**

Use the decision rules to determine the students' response to intervention.

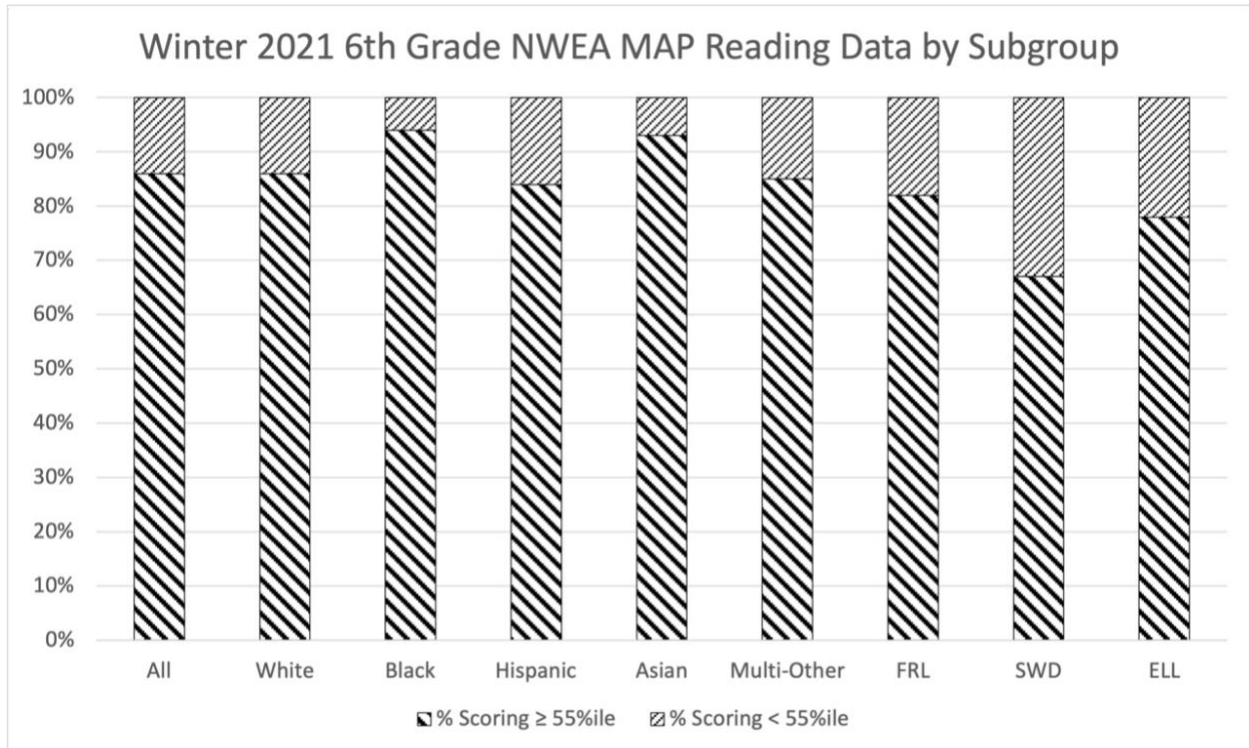

**Goal statement:** At least 70% of 6<sup>th</sup> grade SWDs will score at or above the 55<sup>th</sup> percentile on the Winter MAP Reading assessment

**Decision Rules:**

Positive response:  $\geq 67\%$

Questionable: 51-66%

Poor:  $\leq 50\%$

Adapted from the Fall 2021 MAP™ Assessment

	# of Students	# Scoring $\geq 55^{\text{th}}$ ile	% Scoring $\geq 55^{\text{th}}$ ile	# Scoring $< 55^{\text{th}}$ ile	% Scoring $< 55^{\text{th}}$ ile
SWD	60	40	67%	20	33%

1. Was the students' response positive, questionable or poor?

2. What next steps would you recommend for the team?
